

WINDSOR DOORS

Roller Door Opener RD1000

Despite being compact in size it is packed full of features as well as being super quiet.

Door Types: Residential Roller Doors **Door Size:** 15m²

Key Benefits

Quality Tested

Proven technology coupled with robust design backed up by rigorous quality testing.

5 Year Warranty

5 year motor warranty, 2 year electronics warranty.

Motor

Powerful DC motor which means reduced noise and vibration on opening and closing.

Soft Start/Stop Function

Ensure smooth and quiet door operation which is important when the garage is located close to bedrooms or living areas.

LED Courtesy Light

A convenient way to navigate through your garage environment and get in and out of your car (operates for 9 minutes).

Transmitter Range

Remote distance: Effective operating range of up to 100m. Rolling code technology.

Maintenance Reminder

This provides an audible reminder that the garage door is due for a service.

Standard Safety Features

Auto Safety Reverse

If an obstruction occurs during closing of the door this function causes the garage door to immediately stop and reverse direction upon contact with the obstruction.

Manual Release

In case of power failure you can simply activate the manual release to open your garage door.

Inbuilt Safety Timer

If optional photo eye beams are installed, the automatic closer timer will ensure that your door will close automatically if you forget to close it yourself.

Standard Installation

Max Door Area	Min Side Room (Edge of curtain to wall)	Min Side Room (Edge of curtain to edge of bracket)
15m ²	105mm	50mm

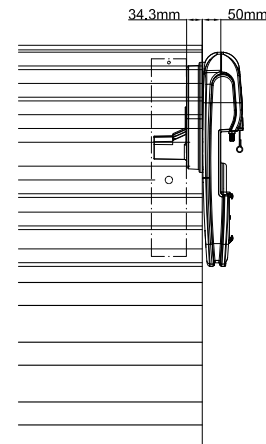

Typical Installation

Max Door Height: 5.0m

Direct Clamping Method

Minimum distance from edge of curtain to edge of door bracket 50mm.

Optional Accessories

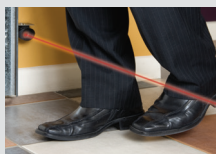

Photo Electric Beams

The Photo Electric Beam is designed to detect an obstruction while the door is closing and to send a signal to the opener to reverse or stop the door movement.

Wireless Keypad

The wireless keypad can be programmed with multiple, unique user codes. It is perfect for family, trades people, or even just going for a walk. This means you can leave your keys at home with peace of mind.

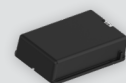

Wi Fi

Control your door from anywhere in the world. Simply connect your wi-fi, download the app on your phone and you can check the status of your door, check what percentage it is open and have full control of its operation.

E Lock

The electronic lock enables remote control and status monitoring. When the door is completely closed, the electronic lock automatically locks, ensuring the safety of the living environment.

Battery Backup

A battery backup provides an energy supply in the event of a power cut allowing you to still operate your garage door.
